Business of the Month!

Our business of the month of February is Cayce Mill Supply Co., first established in 1919 by Clinton Cayce, catering mostly to grain and saw mills, etc. Today, the company distributes electrical, HVAC and industrial products. Cayce Mills Supply Co. is celebrating 100 years in business this year!

The company is now operated by the 5th generation of Cayce's. The Mayfield store opened six years ago on January 1. We want to congratulate Cayce Mills on 100 years in business and thank them for locating in Mayfield!
